

**PORIFEROUS Polyethylene Implants
Featuring Su-POR® Biomaterial.****PATENTED
Product
US09724198**

Poriferous is pleased to offer the following patented device.

**Membrane Sheet**

The Membrane Sheet is a composite orbital floor implant with a non-integrating layer of solid polyethylene, laminated to a porous polyethylene layer that may allow for tissue ingrowth.

The flexible and pliable properties of the Su-Por Biomaterial allow for contouring and shape retention.
